

LEHIGH VALLEY CHAPTER CELEBRATES 50TH ANNIVERSARY

The Lehigh Valley Chapter of the Pennsylvania Division celebrated its 50th Anniversary with a special celebratory meeting on May 21, 2007.

Our Chapter was chartered April 7, 1957, in Allentown, PA. Special guests for the evening were two of our newly installed PA Division officers, Lyndee Long CPS, Division President, and Jean Bohinski CPS/CAP, Division President-Elect, and Barbara Long, Lyndee's mom and long-time member of the Altoona Chapter.

Many of our past Chapter officers joined us for the evening, and we had an "open mike" session for anyone wishing to reminisce with us. If you wish to read some of their remarks, they are posted on our website at www.iaapplehighvalley.org. Many of us commented on how membership in IAAP and Lehigh Valley Chapter has helped us grow both personally and professionally, and let's not forget the fun we have at Chapter, Division, and International meetings and conventions.

Our chapter is a very progressive one – evolving and growing as technology and our members evolve and grow. We recently won awards at our PA Division Annual Meeting for Professional Development, our Newsletter, and our Website. We have a lot to celebrate and be proud of!

Here's to another 50 years of progress and success for Lehigh Valley and for IAAP!
